## coverage

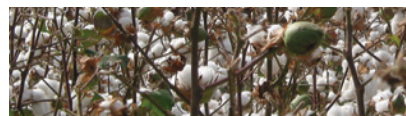

Our mission is to supply you with the best canopy: structurally, cosmetically, and functionally for all makes of tractors! Innovative internet-based marketing and product support lowers costs, allowing us to pass savings to you. Ensuring the best value in the market!

If your tractor has a ROPS, then we have a canopy to fit!

## assembly

A few basic tools are all that are required for you to easily mount a TractorSunshade.com canopy by yourself... in the field...in minutes!

## construction

- \* Quality chop and hand laid fiberglass
- \* Heavy-duty reinforcement at all mounting points
- \* Hi-gloss, color-matched gel-coat with UV inhibitors
- \* Heavy-duty, rock-hard, powder-coated bracketry
- \* Rubber isolation with sound dampening and blacked-out underside.

## adjustability

Custom fit your TractorSunshade.com canopy with our adjustable mounting system: 15 degree pitch, 6-8" vertical, up to 4" fore/aft adjustment. You now can fit the canopy for your application. Adjust the canopy to fit your needs!
